You will find the list of probationary employees at the end. Please note that these employees will not have their probationary time completed by the June Staffing Process.

During the annual staffing process, CUPE employees are subject to potential displacement from their current position by virtue of being bumped by a more senior employee. Employees will be contacted by Human Resources, by telephone, to be advised that they have been bumped, and asked in turn to indicate their bumping choice, where applicable.

Thank you,
Your CUPE staffing team:
